Ecclesiology in Context

by J. A. Van Der Ven

Church, World, and the Christian Life: Practical-Prophetic Ecclesiology discussion groups and organizational link options. Throughout the book, email, the Internet, chat rooms, and computers are recommended side-by-side with?

In Christian theology, ecclesiology is the study of the Christian Church, the origins of in the 19th century as the science of the building and decoration of church buildings and is still used in that sense in the context of architectural history. The language of the Church exists in two locations: 1) within the established contexts; and 2) within the pioneer fields. One is the language of
